Situated just off the A358 between Taunton and Ilminster, and within easy reach of both, the Square and Compass is set in it's own large grounds. Overlooking the Blackdown Hills it is surrounded by rolling fields and beautiful countryside.

A very nice pub for very nice people.

The original country pub owned by Chris & Janet for 13 years doing very good food seven days a week all year. Great in the summer with loads of hanging baskets etc. eat in or out in garden or on covered terrace. Get married or listen to many famous live bands in our separate large barn in grounds. Stay in new stables hotel block open June 2010. We've been in good pub guide for 13 years & loads of other pub & food guides. Local produce & own grown vegetables & salad in field adjoining.
